

UNITED NATIONS FOOD SYSTEMS COORDINATION HUB

The placement of the UN Food Systems Coordination Hub

Update and current status

Initial work to establish the Hub and approved work plan

Food Systems Solutions Dialogues with National Convenors.

First group of countries to request support.

Mapping of Coalitions.

Planning for stocktaking moment of 2023

Survey with the countries

Short-term needs: The 2023 stock-take

- Funding & financing
- Monitoring progress (M&E tools)
- Communication & advocacy
- Knowledge & technical expertise

Long-term needs: Transforming food systems by 2030

- Systemic policy change
- Leveraging local & global ecosystems
- Monitoring progress
- Institutional strengthening

Funding and finance

- Diversified resource mobilization
- Call for a global funding mechanism
- Strategic funding for catalytic investments
- Move national pathways forward

Knowledge and technical expertise

- Peer to peer exchanges
- Costing & mainstreaming of pathways
- Make the “Food Systems Approach” practical
- Food systems resources tracking

Monitoring progress

- Milestones to keep the momentum
- Guidance on global reporting framework & indicators
- National baselines, tracking / mainstreaming in SDG
- Virtual platform & analytical tools

Communication and advocacy

- Continued advocacy to maintain country level momentum
- Greater convergence of various intergovernmental processes
- Centralized portal

The Work Plan: Key functions

The Work Plan: Selected deliverables

Pathway Implementation

1. FS Solutions Library
 2. Country Support Portfolios
-

Thought Leadership

1. Science Roadmap
 2. Science updates for policy makers
-

Engage with Ecosystem of Support

1. Connection platform
 2. Coordination roundtables
-

Mol Finance

1. Standards for FFA implementation
 2. Two new finance windows
-

Communication & Advocacy

1. Food Systems Hub portal
 2. Food Transformations tracker
-

Stock-taking Moment

1. Stock-taking roadmap
2. M&E guidelines

Dialogues with Convenors: Messages

- Pathways are still centrally positioned.
- Impact of food crises and cost of living. Sustain advocacy and increase support.
- More coordination for country assistance.
- Needs: policy development, thought leadership, advocacy, leveraging finance.
- Diversity of follow up actions:
 - National food system coordination units; food system labs; specific technical studies; integration into NDPs; monitoring and evaluation etc.

First group of countries requested support to implement pathways

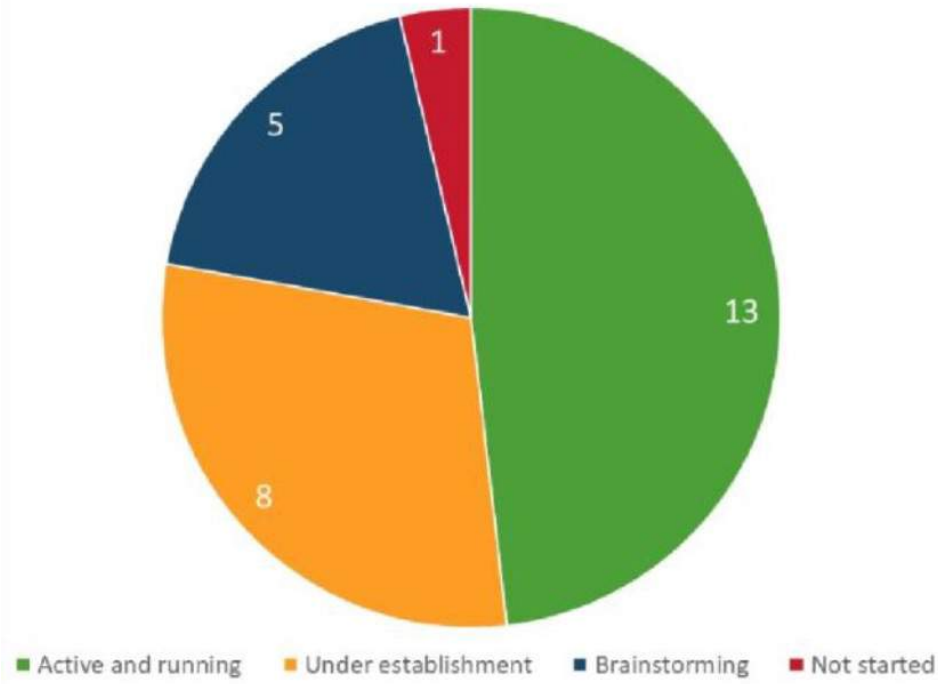

- **Bhutan:** Draft 1-2 projects on transforming food value chains
- **Indonesia:** Investment plan for pathway implementation
- **Kenya:** Action plans for the implementation of pathway
- **Lesotho:** Establish a national Food Systems Lab
- **Nepal:** Localization of pathways; training manual for FS approach
- **Nigeria:** Monitoring framework; costed pathways plan
- **Serbia:** Set up an inter-ministerial coordination mechanism
- **Uruguay:** National healthy diets study

Pipeline: Uzbekistan, Sudan

Mapping of Coalitions

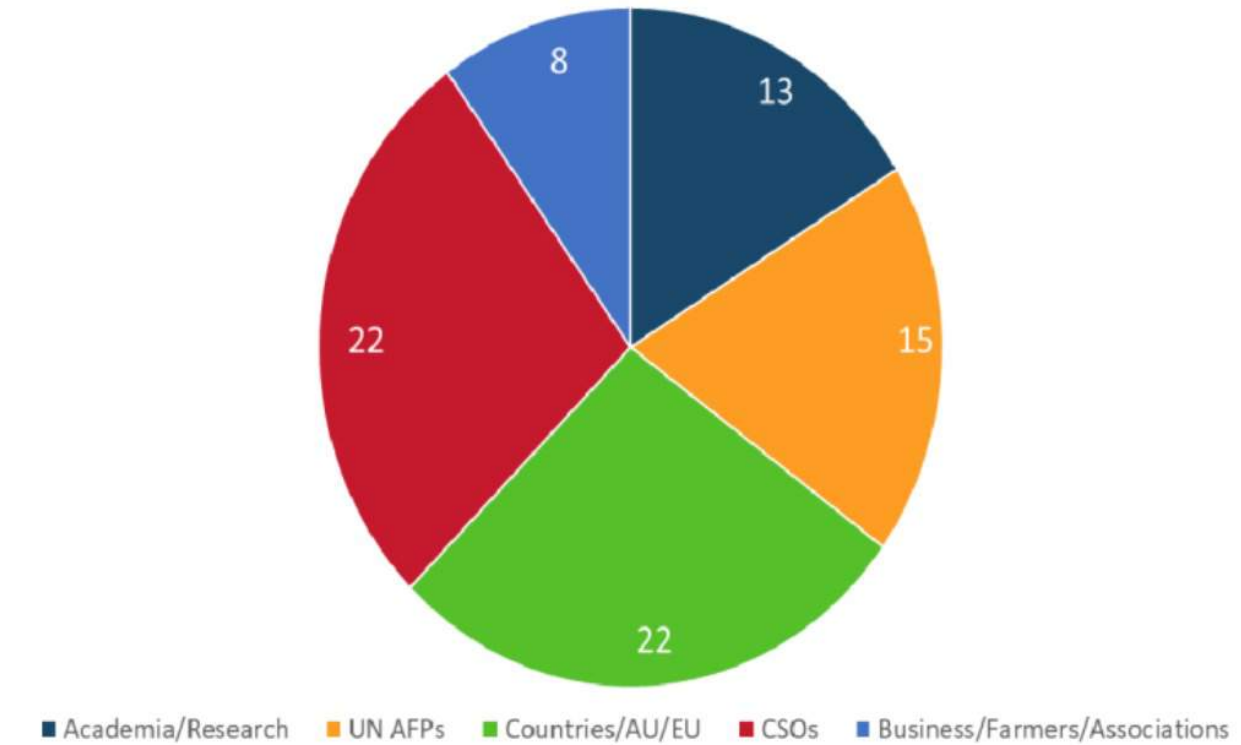

Coalitions' development stage

Geographical level where the coalitions work

Leading entities of the coalitions

Number of coalitions directly addressing the SDGs

Planning for the Stocktaking Moment of 2023

“I will convene a global stock-taking meeting every two years to review progress in implementing the outcomes of this process and its contributions to the achievement of the 2030 Agenda. This will be supported by the RBAs, the broader UN System and partners.”

-UNSG Statement of Action, FFS

Modality: Host Country(ies)

Dates: 26-28 July 2023

Main objective: Give space to countries to review together with the UN and stakeholders, progress on implementing their pathways, identify bottlenecks and support needed.

Outcome: Solidify the global understanding of the role of food systems in achieving the SDGs, especially in the current food and cost-of-living crisis context.

Ongoing Work

**Planning for
Stocktaking
Moment and
resource
mobilization**

**Expand system
to receive and
serve requests
from countries**

**Connecting
Coalitions
between them
& with
countries**

**Continuous
engagement with
National
Convenors and
UNCTs**

**Science and
Technology group
and Stakeholders**
